

DALKHAT M. EDIEV

Born: 12.03.1972

Nationality: Russian Federation

PhD, Doktor Nauk, Docent

Google Scholar h-index: 14.

ORCID: 0000-0001-7503-5142

SCOPUS ID: 23479484800 (h-index: 6)

Publons: ABF-1808-2020

E-MAIL: ediev@ncsa.ru; ediev@iiasa.ac.at; dalkhat@hotmail.com

WEB: <https://ncsa.ru/page/detail/3/person.html>;

AFFILIATIONS: Vice-Rector for Research, IT and Cooperation, Professor at North-Caucasian State Academy (Russia); Professor at the Lomonosov Moscow State University (Russia); IIASA Associate at the International Institute for Applied Systems Analysis (Austria).

EDUCATION, DEGREES, EVALUATION:

2021 Coursera: Machine Learning and Deep Learning from Stanford and DeepLearning.AI
(Credential IDs: [LE3TPSS36LRB](#), [C6SAJTWVYDH8](#), [P7RMFZKZQ7RT](#), [4EACJC2PVFPH](#), [STHCTRYZULWA](#))

2012 Evaluated to hold a permanent position at the Vienna Institute of Demography of Austrian Academy of Sciences (27.07.2012).

2008 Doktor Nauk in Physical-Mathematical Sciences by the Russian Highest Attestation Commission (ДДН № 008510, 10.10.2008)

2002 Docent degree in mathematics by the Russian Highest Attestation Commission (ДЦ № 018209, 17.07.02)

1999 Ph.D. in "Theoretical foundations of mathematical modeling, numerical methods, and computer software" by the Russian Highest Attestation (KT № 019305, 17.12.99)/ Defended at Moscow Institute of Physics and Technology. PhD thesis: "**Demographic and Economic-Demographic Potentials**"

1997 EU (TACIS) funded course in Life Insurance, Moscow State University

1993 Master of Sciences degree in applied economics and computers (IIB № 223402, 30.06.93), Moscow Institute of Physics and Technology. Thesis: "**Modeling the Market Participants' Behavior**"

1993 Applied mathematics and physics. Par excellence Diploma of graduating (IIB № 223402, 30.06.93), Moscow Institute of Physics and Technology

PROFESSIONAL ACTIVITY:

- 01.12.16 to present Vice-Rector for Research, IT and Cooperation and Professor at the North-Caucasian State Academy (Cherkessk, Russia), supervising graduate and post-graduate research in mathematical demography
- 01.09.17 to present Professor at the Lomonosov Moscow State University (Moscow, Russia), supervising graduate research in demography
- 01.06.13 to present IIASA Associate, (Guest) Research scholar at the International Institute for Applied Systems Analysis at the Wittgenstein Centre for Demography and Global Human Capital (Laxenburg, Austria)
- 01.09.14 to 01.12.16 Director of the Institute for applied mathematics and information technologies and Professor at the North-Caucasian State Academy (Cherkessk, Russia)
- 2009 to 2015 Lecturer at the European Doctoral School in Demography (EDSD)

- 01.08.06-01.03.15 Senior Scientist at the Vienna Institute of Demography of Austrian Academy of Sciences
- 29.11.00-01.08.06 Docent of the Karachay-Cherkessian State Technological Academy (lecturing in: Theory of Probability and Statistics, Mathematical Demography, Econometrics, Simulation and Monte-Carlo Methods; supervising graduate and post-graduate research in mathematical demography; holding scholar workshop on mathematical modeling and mathematical economics)
- 01.09.04-01.08.06 Dean of the Distant Education Department of the Karachay-Cherkessian State Technological Academy
- 01.10.05-31.12.05 Researcher at the Vienna Institute of Demography of Austrian Academy of Sciences
- 01.06.02-01.06.03 Deputy Dean of the Distant Education Department
- 01.02.98-29.11.00 Senior Teacher of the Karachay-Cherkessian State Technological Academy (lecturing in: Theory of Probability and Statistics, Mathematical Demography, Econometrics, Simulation and Monte-Carlo Methods, Economic-Mathematic Methods and Models; supervising graduate and post-graduate research in mathematical demography)
- 23.01.00-23.05.00 Visiting Faculty at the Iowa State University, USA
- 01.11.94-01.11.97 Post graduate of the Moscow Institute of Physics and Technology
- 25.08.93-08.11.94 Assistant Teacher of the Karachay-Cherkessian State Technological Institute

RESEARCH INTERESTS: Applied demographic methods and models; Mathematical models, software implementations and applications; Population change and projections; Population ageing; Formal demography

EDITORSHIP, REVIEWING: Genus (editorial board member), Vienna Yearbook of Population Research (guest Editor and Reviewer), Demographic Research (member of the Scientific Reviewing Board). Additionally, reviewing for journals: Demography, Population Studies, European J of Population, PlosONE, Vienna Yearbook of Population Research, American J of Epidemiology, International J of Forecasting, J of Bioeconomics, Biometrical Journal, Environment and Planning, Demographic Studies, etc.

EXPERT: Member of the WHO Reference Group on Health Statistics.
Member of the Scientific-Expert Council at the Head of the Upper House (Federation Council) of the Russian Parliament (2007-2012).
Member of the Coordination Council for Youth in Science and Education at the Council of the President of Russian Federation for Science, Technology and Education (2007-2009).
Reviewing and expertise for: ERC (European Research Council), FNRS (Belgium National Scientific Funding Agency), Swedish National Scientific Funding Agency (RIKSBANKENS JUBILEUMSFOND), THE (Times Higher Education ranking), Elsevier Advisory Board member.

PROFESSIONAL SOCIETIES: International Union for the Scientific Study of Population (IUSSP), European Association for Population Studies (EAPS), Population Association of America (PAA), Asian Population Association (APA)

RESEARCH PROJECTS and SUPPORT:

- 2021- Participant, **20-510-82002 «Demographic consequences of COVID-19 for short and long term population dynamics in Russia and its regions»**, joint project funded by the Russian Foundation for Basic Research and IIASA
- 2021- Participant, **ERC Project 957509 «Fair Pensions and Population Ageing (PenAging)»**

- 2020-2021** Leader, **19-31-90102 «Mathematical models, methods and software for monotone spline interpolation of demographic indicators with non-local smoothness conditions imposed on the interpolation spline»**, Russian Foundation for Basic Research
- 2018-2020** Leader, **18-01-00289 «Mathematical models and methods of correcting the distortions of the age structure and mortality rates of elderly population»**, Russian Foundation for Basic Research
- 2018-2020** Participant, **18-010-01169 «Demographic changes and economic growth»**, Russian Foundation for Basic Research
- 2013-2018** Participant, **ERC Project «ERC2012-AdG 323947-Re-Ageing»**
- 2006-2008** Participant, **EU TACIS Project «System of current estimation, analysis and forecasting of number and structure of households in the periods between censuses»**
- 2007** Participant, **«Analysis, evaluation and adjustment of extensive models for mortality projections»**, research project funded by Statistik Austria
- 2005-2006** Leader, **05-06-80432 “Development of mathematical models and methods for estimating the reproduction indicators for a small-sized population”**, Russian Foundation for Basic Research
- 2005-2009** Membership at IUSSP covered by UNFPA
- 2002-2003** Leader, **“Demographic losses of deported soviet peoples”**, McArthur Foundation.
- 2002-2003** Leader, **“Development of the demographic potential model”** funded by the Russian Ministry of Education
- 2002-2006** Access to JSTOR funded by EERC-Russia
- 2000** Leader, **“Demographic history of US and other countries”**, Regional Scholar Exchange Program (U.S. State Department's Bureau of Educational and Cultural Affairs)
